

Following my first career in the army (The Gordon Highlanders, now 4th Battalion The Royal Regiment of Scotland), I spent over 20 years as a specialist private client solicitor in law firms across the Home Counties.

Having lived in Wendover with my family since the late '90's, I have recently realised a long-time goal of setting up my own Wills & Estate Planning Consultancy, based here and covering the surrounding areas.

I offer clients friendly and bespoke specialist legal advice, including Wills, estate, later life and succession planning and powers of attorney.

My aim is to make the whole legal process of planning for the future as straight forward and convenient as possible. I therefore normally see clients at their own homes or workplace, at a time that suits them. With the current Covid restrictions, I am currently seeing clients face to face, but via videocalls rather than in person, but look forward to offering both in person and video call meetings again soon.

I am also holding free Briefings and Wills and Estate Planning Clinics: the Briefings are on station and the Clinics are currently on station or via videocall, subject to any Covid19 restrictions.

### Wills

I strongly recommend that serving and retired military personnel consider having a professionally drawn up Will prepared and carry out planning for their, and their family's, future. Due to my background, I understand many of the issues that you, and your family, may well be going through with the various factors and demands of military life. If you need to prepare your Will quickly, such as due to operational or exercise requirements, this will be arranged.

### Lasting Powers of Attorney

I also strongly recommend Lasting Powers of Attorney (LPAs). There are two types of LPAs which enable you to authorise chosen people (attorneys) to look after your financial and / or your health and welfare affairs should you either wish them to (such as if you are away on operations or training), or should they need to do so.

**If you would like to meet (in person or via videocall) to discuss any of the above or related matters, or have any questions, please contact me for a free initial ½ hour consultation at any time.**

**I am pleased to hold a registered Armed Forces Covenant and offer a 10% discount for any legal advice I provide to all military personnel and their families, whether serving or retired.**
